Date

Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

Sir:

On September 26, 2005, the undersigned attorney spoke by telephone with Patent Examiner
Leynna A. Ha regarding the patent application identified above. Examiner Ha indicated that the
present case would likely be considered allowable if patent claims 45-73 were withdrawn. The
undersigned attorney noted that some of the newly added claims actually depend from earlier patent
claims.

Upon review of the pending claims, it appears that newly added claims 60, 61, 62, 63, 64
and 65 all depend directly or indirectly from earlier claims (i.e., claim 60 depends from claim 1;
claim 62 depends from claim 31; and claim 64 depends from claim 35).

1 If the Examiner is willing to allow pending claims 1, 3-5, 12-14, and 18-44, along with
2 claims 60-65 dependent therefrom, then Applicant is agreeable to entry of an Examiner's
3 Amendment canceling claims 45-59 and 66-73, without prejudice to the presentation of such
4 canceled patent claims within a continuing patent application.

5
6 Respectfully submitted,

7 CAHILL, VON HELLENS & GLAZER P.L.C.
